05 Your reading

Your window at a glance

Of the 45 days checked for collecting a new car, 36 are usable and 21 are good or better, so you have plenty of choice. The first choice is Thursday, 17 December 2026, scoring 100. Pick the one that fits your schedule and confirm it with the dealer early.

Thursday, 17 December 2026

Thursday, 17 December 2026 is your first choice: put your main effort here. In the Chinese almanac, this is a 除 Remove day: clears out the old — good for cleaning up, treatment, ending bad habits and travel. This day's animal is the natural partner of your day animal — people and plans tend to meet you halfway. Your Nobleman star falls on this day — mentors and people in a position to help are more inclined to. The best hours on this date are 07:00–08:59, 15:00–16:59 and 17:00–18:59. On the day, arrive early and do a slow walk-around of the car before signing anything, noting any marks or issues.

Dates we ruled out

9 of the 45 days were ruled out. Some dates clash with the year animal of one of the people in this reading, a pattern practitioners call a clash with the year, and those days are never used for anything that matters: sign nothing, schedule no first meeting, and keep big decisions for a steadier date. Some dates clash with a person's Day pillar, the part of the chart that stands for the self and the closest bond, and those days tend to bring friction and second thoughts: keep talks light, avoid signing, and revisit any decision the following day. Destruction days in the almanac are left out for anything you want to last. Examples of days to rule out: 10 December 2026, 18 December 2026 and 22 December 2026. Book important meetings elsewhere, and keep these days for routine work.

09 Your chart at a glance

Read right to left: Hour, Day, Month, Year. The top character of each pillar is its Heavenly Stem, the bottom its Earthly Branch (an animal). The small characters are the hidden stems inside each branch, and the line under each stem is its Ten God: what that part of the chart means to you.

Helpful stars

Your Nobleman animals (people born in these years, and days of these animals, tend to help you): 丑 Ox · 未 Goat

Peach Blossom (charm and attraction): 酉 Rooster · its animal, for days and people that bring attention

How this was worked out

Every day in the window you choose is scored against your chart with the same method as Power Days: the day officer in the Chinese almanac, clashes and harmonies with your year and day animals, your Nobleman stars and the elements that help you. Any day that clashes with you (or, for a wedding, with either of you) is ruled out. You get the five best dates with their best hours, why each one works, and which days to avoid.
